****Recycling carts are provided at a reduced cost through a grant from the Chittenden Solid Waste District and with support from the City of Burlington Department of Public Works. Carts will be available on a first come, first served policy while supplies last. In order to receive a recycling cart through this program, you agree to:**

1. Participate in a recycling survey in the spring of 2011. The survey may be by telephone, mail, or electronic delivery and may include questions such as: Do you recycle more materials using your cart compared to the blue bin? Do you bring carts curbside less frequently than the blue bins?
2. Retain the cart for recycling purposes within the City of Burlington for no fewer than 7 years from the date of purchase.
3. Bring your recycling cart curbside by 7:00 a.m. on your recycling day.
4. Keep your bin in an area not easily accessible by the general public (to prevent the bin being used as a trashcan by passersby).
